

Restoration Experts of NC

Covid-19 Cleaning

Convey the confidence to your customers and staff that you are going above and beyond to keep them safe.

Our professional and trained team adhere to the cleaning and decontamination standards set by the Centers for Disease Control and Prevention to assist you with the viral pathogen cleaning process.

Our cleaning process is performed using EPA approved hospital grade disinfectant which helps ensure the cleanliness of businesses, restaurants, and offices buildings within our surrounding communities.

Let us help you with Preventative and Post Covid-19 cleaning
